

Ready to Take Your Business to a Whole New Level? Let AMS Give You a Hand.

If you're looking to improve, grow or change your practice, let Asset Marketing Systems **bring you to sunny San Diego** to find out how we can help.

Our Monday/Tuesday Orientation is a two-day overview designed to answer all your questions about us and our lead generating marketing systems. Our CEO, Mike Midlam, along with other members of our Senior Management Team will discuss our philosophy on industry trends and how you can capitalize on new opportunities in the annuity business. You'll learn about our vision and how successful you can be in 2006 with the help of your own team of experienced industry professionals.

We guarantee that by the end of the orientation, even if you decide not to license with us, you'll learn new concepts on how to close more business. And the best part is **this orientation is FREE** for qualified producers.

Sound too Good to be True?

Free trip. No obligations. We understand if you're skeptical. Give us a call and we'll answer your questions and talk to you about your business to see if you qualify for a visit to **San Diego** and Asset Marketing Systems.

Contact us today for more information about Asset Marketing Systems and our Orientation.

You must confirm your attendance with AMS **before February 24, 2006**. If you don't make that deadline you can still attend the 3 day CWPP™ course but the offer of free airfare and the extra Monday and Tuesday morning sessions will have to wait for another time.
